For the Attention of Arthur I. Palmer Jnr.

JHB/MC/22152

REC'D FEB 21 1979

Dear Sirs,

British Patent Application No. 43594/78
Search Report. Your ref: PM 706/USSN 853146
Our File: 22152

We enclose a copy of the Search Report issued by the Patent Office in this case, together with copies of the documents referred to.

In the application is to be proceeded with, the fee for substantive examination must be paid within six months after publication of the application, which will take place on or after 18th May, 1979. You will be notified in due course of the actual date of publication.

Publication can only be prevented by withdrawing the application before preparations for publication are complete. This may occur at any time after 8th February, 1979.

It is possible to amend the application, e.g. by filing new claims, at any time up to the receipt of the first Official Action following payment of the fee for substantive examination. It is recommended that any amendment thought necessary, for example in view of cited references, should be filed at the time of paying the examination fee. An amendment filed before preparations for publication are complete may improve your situation in respect of the provisional protection that arises from publication of the application.

Yours faithfully,

Encls: Debit Note
